## Security Engineer

Currently pursuing a **Master of Science in Cybersecurity**, I am a Security Engineer in a **Cloud Azure / Microsoft 365** environment. My work spans application security, cloud architecture, and SOC-like operations with hands-on experience **deploying API gateways** (APISIX), **WAF solutions** (Coraza, OpenAppSec, Modsecurity), and security monitoring stacks (Microsoft Sentinel, Defender for Cloud).

I am actively **develop skills** in **offensive security**, OSINT, and **network security**. My **development background (Next.js)** reinforces a secure-by-design approach across all projects.
